I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: As a practicing family physician, I strongly oppose your memorandum of understanding to State Boards of Pharmacy which would limit specialized pharmacies from shipping compounded medications across state lines. My wife (menopausal) depends on these services - which are excellent and keep her much more comfortable. This is a bad initiative
